DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Species II (claims 11-24) in the reply filed on 4/15/2005 is acknowledged. The traversal is on the ground(s) that the claims are directed to various combinations of elements all relating to a tube in a bottle or a connector between two bottles and a mechanism for selectively causing intermixing of the bottle contents. This is not found persuasive because each species are patentably distinct. Claim 24 is not readable on Species II, however, claim 24 is included in the Office Action since it contains the same allowable subject matter.

The requirement is still deemed proper and is therefore made FINAL.

2. This application is in condition for allowance except for the presence of claims 1-10 to an invention non-elected with traverse in the reply filed on 4/15/2005. Applicant is given TWO MONTHS or SIXTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

3. Claims 11-24 are allowed.

REASONS FOR ALLOWANCE

Art Unit: 3744

4. The following is an examiner's statement of reasons for allowance: The prior art of record when considered as a whole, alone or in combination, neither anticipates nor renders obvious a device for cooling liquid contained in a bottle comprising a first container having first heat-exchanging fluid, second container having second heat-exchanging fluid and seal, slidably connecting means and a button.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. This application is in condition for allowance except for the following formal matters:
Cancellation of claims 1-10.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
